SUBJECT: Supergrade Course

REMARKS:

Per our discussion on the plane, I am sending copies of the National Defense Univ readings to OTR for consideration in the Supergrade course.

I thought, however, it would not hurt to once again state clearly your hopes for the Supergrade course and reflect in more detail some of the comments you made in the notebook.

Further, I will call  as well as  and offer to assist in any way they think I might be able to -- if they so desire. Just an offer of services -- unless you prefer I not interfere.
